Compact Design

PR4000M MOBILE LIGHTING TOWER

The PR Power range of mobile lighting towers are designed and manufactured with a high level of precision and quality.

Designed with the end user in mind, the PR4000M manual operated lighting tower produces maximum visibility and performance for continuous night work in a wide range of applications including rental, construction, industrial and civil works.

The PR4000M has a range of features, which make it a robust, heavy duty and user-friendly mobile lighting tower for maximum performance. A central control point has also been incorporated for added operator safety and convenience.

Parts and technical support for the PR4000M is available Australia wide.

In addition to the PR4000M, PR Power also provide a range of lighting tower configurations for sale or hire in applications, such as mining and events.

For more information on our range of mobile lighting towers and other equipment contact our office today on **1300 399 499** or visit our website at www.prpower.com.

KEY FEATURES & BENEFITS

- 4,200m² illuminated area for maximum visibility
- Manual mast lifting system, with winch and auto braking system
- 360° mast rotation for maximum light coverage
- Fully bunded for environmental safety
- Weatherproof, soundproof and lockable enclosure for reduced noise & added security
- Certified wind stability to 80km/h
- Robust, heavy duty design for long lasting performance
- Mast Safety - no crush points
- Engine safety shutdown system
- Long range 94 litre fuel tank
- Forklift pockets and central lifting points for easy manouverability
- Road ready trailer

TECHNICAL DATA

SPECIFICATIONS			
Light output	4x 1000w		
Type of light	Metal Halide		
Maximum mast height	8m		
Mast lifting system	Manual		
Mast rotation	360°		
Colour	White		
ENGINE			
Engine	Kubota D1105-E		
Fuel tank	94 litres		
Noise rating	65dBA@7m		
TRAILER/CHASSIS			
Trailer	<ul style="list-style-type: none"> ▪ Single axle, heavy duty ▪ Adjustable tow-bar ▪ Handbrake ▪ Road ready 		
Certified wind stability	80km/h		
Stabilisers	2x Wind down stabiliser legs		
Dimensions (Mast fully retracted)	2600 x 1340 x 2520mm		
Dry weight	620kg		
GENSET SPECIFICATIONS			
kW	Hz	V	rpm
9	50	240	1500
