

PR8000

PR Power Mobile Lighting Tower

PR8000 MOBILE LIGHTING TOWER

The PR Power range of mobile lighting towers are designed and manufactured with a high level of precision and quality.

Designed specifically to meet the demands of minesite lighting applications, the PR8000 provides maximum light output up to 24,500m² for maximum performance in the most demanding of environments.

The PR8000 has also been designed to meet Australian Minesite Safety Standards.

The PR8000 has a range of benefits including multi-use lighting tower fully equipped with a super silent generator, long range fuel tank for extended operation and robust heavy duty design specifically for mining applications.

The compact and robust design, enables the PR8000 to be moved on site quickly and easily, ensuring minimal downtime. The hydraulic stabiliser legs add to the towers easy to operate design

In addition to the PR8000, PR Power also provides a range of lighting tower configurations for sale or hire in applications, such as construction, civil works and events.

For more information on our range of mobile lighting towers and other equipment contact our office today on **1300 399 499** or visit our website at www.prpower.com.

KEY FEATURES & BENEFITS

- 24,500m² approx. illuminated area for maximum visibility
- Minesite ready, robust and heavy duty lighting tower
- Class 2 electrical rated lamps
- Multi-use tower fully equipped with a 12.8kW Generator
- Manufactured to meet Australian Mine Safety Standards
- Certified wind stability to 110km/h
- Mast Safety - no crush points
- Engine safety shutdown protection
- Fully bunded to contain spills
- 4x hydraulic stabiliser legs for added stability & safety
- Central control point for safe & easy operation
- Fully lockable enclosure for added security
- Long range 180 litre fuel tank
- Independent and lockable RCB/MCB's for each light
- Forklift pockets and lifting points for easy manoeuvrability

TECHNICAL DATA

SPECIFICATIONS			
Light output	4x 2000w		
Type of light	Metal Halide		
Maximum mast height	9m		
Mast lifting system	Hydraulic		
Mast rotation	360°		
Light tilt system	Electric		
Lamp electrical rating	Class 2		
Colour	White		
ENGINE			
Engine	Kubota D1703		
Fuel tank	180 litres		
Fuel consumption	1.8 L/hr		
Operating hours	100hrs		
TRAILER/CHASSIS			
Trailer	<ul style="list-style-type: none"> ▪ Single axle, heavy duty ▪ Adjustable, heavy duty towbar ▪ Handbrake ▪ 2x Landcruiser, 6 stud, steel solid rims ▪ Minesite ready 		
Certified wind stability	110km/h		
Stabilisers	4x Hydraulic stabiliser legs		
Dimensions (Mast fully retracted)	3717 x 1490 x 2523mm		
Dry weight	1650kg		
GENSET SPECIFICATIONS			
kW	Hz	V	rpm
12.8	50	240	1500
